# Preliminary (PET) – Writing – Emoji Story ☺

A. These emoji represent the main events in a story. Can you predict what happens?

🚓   🗽   👌   👮   😂   🐂   🍨   😟   🏃   👠

1   2   3   4   5   6   7   8   9   10

B. Read the story and connect the emoji to the events:

I was walking down the street when I saw it. There was a bull in the street. This is very strange because I live in the centre of New York City. The bull wasn't moving, but I was too scared to continue walking. Suddenly, the bull started running towards me, so I ran in the opposite direction. However, I couldn't run very well because I was wearing high-heeled shoes!

While I was running, a police car arrived and the police officer told me to get in the car. We drove away very fast and escaped the bull. Later, the police officer bought me an ice cream and we laughed about everything. This experience was very stressful, but I'm glad I was ok in the end.

C. Use one of the sets of emoji to create a **100 word story** that starts with the sentence: I was walking down the street when I saw it. Remember, you can <u>use the emoji in any order</u>!
EMOJI STORY A

✏️   👱‍♂️   👱‍♀️   🐒   🦁   🌙   ☔   🛳️   📞   🚣
