

**1. Read the texts.****National Bike Month**

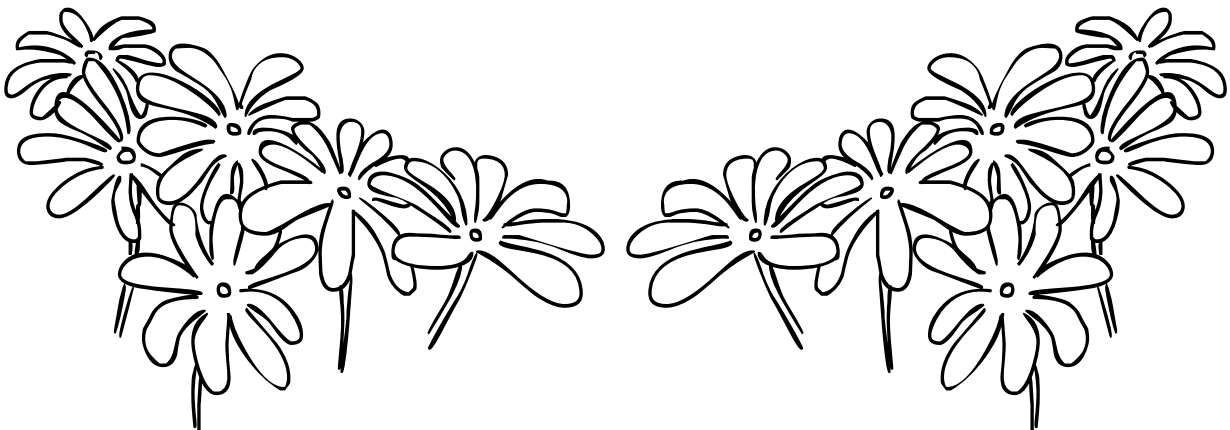

May is National Bike Month in the USA and many American cities have bike festivals. Children go to the festivals and learn how to ride a bike. In May, the weather is warm and many families ride their bikes. Bikes are good for our planet and they are fun.

**Circus Day**

May 19th is Circus Day around the world. On this day, families go to the circus. They watch clowns, trapeze artists and animals. Children like clowns best. Some people can't go to the circus, but they can learn clown tricks at home.

**2. Read and write ✓ or X.**

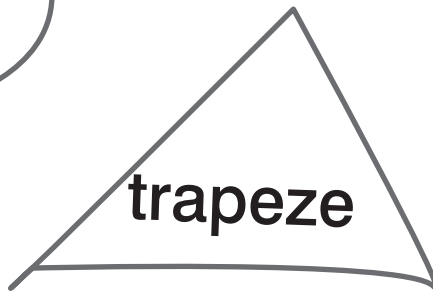

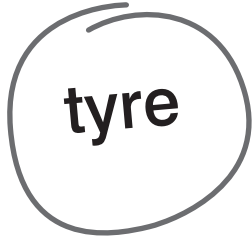

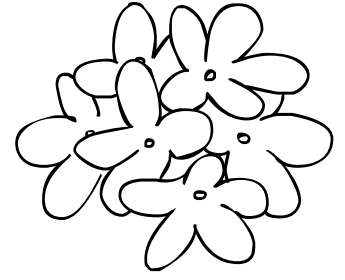

1. National Bike Month is in England.
2. American cities have bike festivals in May.
3. Bikes are bad for our planet.
