

1. Let's start with listening. Watch and listen to the video twice and then answer the questions

<https://www.youtube.com/watch?v=zarll9bx6FI#action=share>

Questions:

1. What are additional benefits of trees in cities not discussed in the video?
2. What could be some of the practical reasons why some cities don't have as many trees?
3. What are some of the cities that you know that have many trees, and why do you think they have them?
4. How many trees has Singapore planted in the last fifty years?
5. Which urban park has the most biodiversity in the world?
6. What percentage of the world's population is estimated to be living in cities by 2050?
7. How old is the oldest planted tree in Anuradhapura?
8. Which city is known for its five finger plan?

2. Let's write an article. In your article you have to bring up both of the questions

- What happens if you cut down all of a city's trees?

- What are some of the ways in which we can promote the planting of more trees in cities?
