Fun boost

Make a Sea Animals Question Wheel. Ask and answer questions with your family.

- 1 Draw a circle and make 12 sections. Draw six animals – dolphin, shark, whale, crocodile, jellyfish, octopus – and write six questions: *What does it eat? Where does it live? What does it look like? Does it play? Can it talk? Do you like it?*
- 2 Draw another circle. Cut out two windows the same size as the sections and add the title: SEA ANIMALS QUESTION WHEEL.
- 3 Put the two circles together with a paper fastener. Turn the top wheel to play the game.
