

Summertime

The days are long. The nights are short. It's hot outside. Summer is here. What happens in summer?

In summer, people dress light. They wear T-shirts and shorts. They wear hats and sandals.

In summer, people keep cool. They eat ice cream and watermelon. They drink lemonade and iced tea.

In summer, people go swimming. They go swimming in lakes. They go swimming in pools. They go swimming in the ocean.

In summer, people take trips. They go to the beach. They go camping. They visit relatives.
